Subject: FW: Adelanto ICE Processing Center

This is a formal referral to us. It is critical that we move promptly on this virtual inspection. I expect that we should conduct the inspection within the next week. Please let me know of any obstacles. Thank you again for your work on this important matter.

Amy C. Miller

Subject: Adelanto ICE Processing Center

Good Morning Amy,

As per our discussion yesterday in regards to Region 9 taking the lead on conducting a virtual inspection of the Adelanto ICE Processing Facility, we would like to accept that offer. The Enforcement Branch will be providing 2 staff members to assist in the inspection and they are Special Investigator Brian Hughes and Senior Environmental Scientist Jose Bueno. You can have your staff reach out to Donna Marciano and Joe Damiano to coordinate activities.

Also, we have collected various documents from the GEO group, who owns the facility, that Enforcement can share with you and your staff in preparation of the inspection.

I'm not sure if you are aware, but the GEO Group has other facilities in other regions that have similar issues and may need more of a coordinated response from U.S. EPA to address.

If you need anything else let me know and once again thanks.

Sincerely,
Ken

Ken Everett
Assistant Director
Pesticide Programs Division
Department of Pesticide Regulation
